

Providing Fulfillment, Through Purpose-driven Leaders

Who we are

We are a community of “people centric minded” leaders who believe we can change the way business is done. We focus first on **fulfilling** the hearts and minds of every person, leader and team to create companies of value and impact.

What we provide

The People Centric Project provides a unique environment of education, consulting and community. Featuring industry experts, our quarterly Speaker Series and workshops provide valuable resources and tools.
